VOL. LXXX—NO. [Library of Congress] LMINGTON, TUESDAY, SEPTEMBER 17, 1907. WHOLE NUMBER 12,424.

OUTLINES.

At Winchester, Va., yesterday a handsome granite shaft to the memory of Massachusetts soldiers who fell in the battles around Winchester was unveiled, the exercises being participated in by Governor Guild and staff, of Massachusetts, and Confederate veterans——Before Judge Newman, of the Federal Court, in Atlanta yesterday, the action of the railroads to enjoin enforcement of the State railroad rate, was postponed to give the court time to pass on a point raised by Attorney General Hart for the State——Near Union, S. C., Sunday morning between 3 and 4 o'clock, Isabella Gist and her 11 year old niece were burned in the cottage; a case of murder is suspected, and a young negro is under arrest——It is reported from London that the United States Navy Department has contracted with a Welch firm at Cardiff for 100,000 tons of the best steam coal——Mexico Day was celebrated yesterday at the Jamestown Exposition——A further decline in the price of copper, still affects the New York stock market——A sensational decline amid considerable excitement occurred on the Now York Cotton Exchange, the price of futures going off from 43 to 50 points net, and spots declining 40 points; at New Orleans spot cotton went off one cent per pound——Judge Terry M. Richardson, who had gone to his room to inhale chloroform for headache, was found dead in his room yesterday morning at LuVerne, Ala.——The price of Southern ginghams has advanced to 7 cents a pound——The Georgia Iron and Coal Company has shut down its plant at Rising Fawn, Ga.——E. H. Gary, of the United States Steel Corporation takes an optimistic view of the business outlook, holding that the sale of $7,000,000,000 of crops will continue prosperity——Rear Admiral John G. Walker died suddenly at York Beach, Me., on Sunday night——While her son was visiting her in the Ohio penitentiary yesterday, Mrs. Cassie Chadwick, the famous female bank-wrecker, was utterly prostrated by a nervous attack and was stricken stone blind, although her blindness is believed to be temporary——The National Negro Baptist Convention in session at Washington, yesterday had a stormy wrangle over the Brownsville riot, condemning Roosevelt and praising Foraker——In a frightful railroad wreck in Vermont on Sunday 24 lives were lost and scores injured——New York markets: Money on call firm 3 to 5 per cent., ruling rate 3 3-4, closing bid and offered at 3; spot cotton 40 points lower, closing quiet at 12.20; flour firm but quiet; wheat firm, No 2, nominal elevator; oats barely steady, mixed 53; turpentine firm 55 1-2; rosin firm.

Now comes the statement that Gov. Addicks, of Delaware, is in favor of Cortelyou for President. So far as we have heard that makes two adherents for the Cortelyou boom—Addicks and Cortelyou.

The conductor on a train near Asheville arrested a negro who was in possession of six dozen razors, which he was carrying in a sack. That conductor had every reason to suspect that darkey might get to cutting up and acting rough on the train.

Speaker Cannon says "the next Congress should do nothing." Uncle Joe will do his best to see that it lets bad enough alone—speaking with reference to the out-of-date tariff that helped the Steel Trust to pile up a net profit of $45,000,000 the past quarter.

It is stated that a bride in Cleveland, O., can speak six languages. She will be entitled to congratulations if she can say enough in any one of them to make the old man understand that he must not expect her to believe any of his fairy tales about why he is to stay down town late.

We regret to hear the disturbing news from Princetown, N. J., about the condition of former President Grover Cleveland. A dispatch dated Sunday denies some of the rumors and says Mr. Cleveland feels good. However ,we fear that there is more in his illness than is allowed to get out.

The first election in the New State of Oklahoma will take place today. State officers will be voted for and the constitution framed by the Democrats will be voted on for ratification. Both parties have tickets in the field. The Republicans will vote against the constitution. The Hon. William J. Bryan has made several speeches for the Democrats.

Speaking at Portland, Ore., Secretary Taft said: "The administration of Theodore Roosevelt stands out distinctly and sharply for four or five different issues. The first in importance, possibly, is the regulation of our inter-State commerce railways by government supervision and control." The Hon. W. J. Bryan's Commoner retorts: "Mr. Taft neglected to say that 'the first in importance' was proposed in three consecutive Democratic National platforms, the Republican platforms being silent on the subject."

MAYOR'S FULLHOUSE

Seventeen Cases Disposed of Yesterday Noon at Monday Session of Municipal Court.

MANY TO ROADS AND FARM

Small Colored Boy Not Guilty of Reckless Driving—White Painter Sent to Convict Stockade—Female Vagrants Sent to Farm.

The Mayor yesterday had the usual full house for the Monday session of the municipal court. Saturday night and Sunday is an irresistible period with the criminally inclined and the harvest of the police always tells on the docket next day. Yesterday was no exception to the rule and seventeen cases all told required judicial consideration at the hands of the chief executive. A dozen or more received road and farm sentences while a few escaped with a money consideration in the shape of fines and costs.

Perhaps the most interesting case was that of David Boon, a colored boy, charged with fast driving. Boon was the boy who had been sent from Orrell & Alexander's stables to Dr. Schonwald's residence Friday night when the horse belonging to Dr. Schonwald ran away and received a broken leg, necessitating his being killed. Dr. Schonwald was the prosecutor, it being held that the horse was gentle and was made to run on account of the boy's lashing him. The boy was represented by Herbert McClammy, but it was found unnecessary to put on any witnesses for the defence as neither Mr. W. F.. Alexander nor Mr. Tom McInerny, who had been summoned for the State, could say that the horse was under control when they saw the boy swinging to the reins and the horse dashing up the street wildly. The defendant was discharged.

C. H. McMillan, a white painter charged with being drunk and raising a row at his home Saturday afternoon, was given 30 days on the roads. He has been before the Mayor before and may have to serve extra time for back costs.

C. H. Bunn, a former employe of the street department of the city, was charged with being drunk and down Sunday. He was pressed by the Mayor to know where he got his liquor from on Sunday but he said that it was malt he had purchased from a drug store that put him down and out. The Mayor announced that he would not work for the city any more and sentenced him to the roads for 30 days.

G. P. McManus, white, charged with being disorderly on a car Sunday afternoon, having been arrested by Conductor Thomas Benton, was fined $5 and costs. John Clark, drunk and disorderly, arrested by Officer M. A. Jones, was fined $10 and costs.

Alfred Hooper, arrested on two charges of an assault by Officer W. G. Brinkley, was given 30 days on the roads in each case. Wm. Richardson, colored, arrested by Officer T. G. Evans, for disorderly conduct, was also given 30 days on the roads. Annie Johnson, colored, disorderly conduct, was given 30 days vacation on the farm. Richard Haywood, arrested by Officer E. H. Dement for an assault in two cases, was given 30 days on the roads in each instance.

Irene Frederick, Alice Reaves and Maria Nixon, three colored demimondes arrested at Twelfth and Campbell streets Sunday for vagrancy by Officer E. H. Dement, were given 30 days each on the farm. The complaint was made by one of their number and they offered to pay any amount to escape the farm sentence but the Mayor was relentless and ordered all three to be sent out and sent out in a hurry. Josephine Pigford, colored, an old offender, charged with disorderly conduct, was also sent to farm for 30 days.

Other cases tried yesterday were of no interest.

With Relief Department .

Dr. Oscar W. King, who recently took a position as one of the resident physicians at the James Walker Memorial Hospital, has resigned the place to accept another with the relief department of the Atlantic Coast Line.

WORK AT BLEWETT FALLS

Rockingham Power Company's Plant For Transmission of Power and Electricity to Seaboard Territory—Great Progress.

Parties returning the past week from the giant construction work of the Rockingham Power Company, of this city, at Blewett's Falls, in Anson county, report the work as progressing satisfactorily. More than a thousand workmen are employed and those acquainted with the situation say it is entirely within the range of probability that Wilmington will be lighted with electricity from the plant some time during the new year. That it is the bona fide purpose of the company to transmit power to Wilmington is evidenced from the fact that in all the towns of importance between here and Rockingham, the company's engineers have been surveying and negotiating with the municipal authorities with regard to contracts for the town lighting. At Lumberton, possibly the most important town between here and Rockingham and closest to Wilmington, it is learned from a reliable source that the company has been negotiating for the purchase of a site near the depot undoubtedly wanted for the establishment of a sub-station. At Lumberton the company has also been negotiating with the town authorities relative to furnishing electricity for lights and power, supplanting the municipal plant which is now operated there. In connection with the development of this giant electric power, the following from last week's issue of the Rockingham Anglo-Saxon will be read with interest in the territory, which the company will probably supply with current:

"The work at Blewett Falls during August broke the record with a total of 13,214 cubic yards of cement, which means that over one-sixth of the entire dam was completed during one month or sufficient to complete the dam by December 1st at the same rate. The coffer dams are now continuous, bridging the great Pee Dee, both above and below the concrete dam. The new road is now completed from Rockingham to Blewett Falls, making it possible to drive the distance of seven or eight miles in a little over an hour instead of two hours as formrely. The big steam dredge is now completed and as soon as the river rises will begin taking the dirt out for the tail race at the rate of 100,000 cubic yards per month."

TRACKED BY BLOODHOUND.

Negro on Multiplicity of Warrants Landed by Constable Yesterday.

Herbert Larkins, alias "Bluchy" Hall, a trifling colored youth, had the distinction yesterday of being the first criminal in New Hanover to be arraigned in court owing to the good graces of the county bloodhound. He had been wanted several days on a multiplicity of charges and yesterday morning Constable Savage heard that he was in hiding in Wescott's alley, near Sixth and Wright streets. The officer knew Hall of old and knew that he was going to run as soon as he showed up in the vicinity, therefore he took along the bloodhound for a chase, if the exigencies of the occasion demanded it. The officer arrived at the house and found that Hall had fled. The dog was immediately put on his trail and opened up on the negro's track in great shape. Through several houses and alleys on the chase went until Hall was finally bayed by the dog in a vacant shanty in Wooster's alley. The negro heard the bark of the hound and broke to run again, but the dog was close on to him and he surrendered to the constable without further ado.

In Justice Furlong's court yesterday afternoon A. J. Marshall, Esq., appeared against the negro, and after all the evidence was in the defendant was held in jail for six months in default of a peace bond of $100; he was sent to the roads for 30 days in each of two cases for disorderly conduct and given an additional 30 days for vagrancy. He is an all-round bad egg and the sentence he received yesterday will most probably do him good for some time to come. He is dressed well and seems to have been shielded by his mother, who was also found guilty of disorderly conduct yesterday, judgment being suspended on payment of the costs.

Before Justice Burkheimer.

Jane McDonald, the colored woman, charged by Fred Hall with horse-lashing him and of unlawfully detaining a roll of wire which he was using in running a fence on disputed lands between the two on Castle, between Third and Fourth streets, when the woman appeared on the scene, was called in Justice Bornemann's court yesterday, but was transferred to Justice W. L. Burkheimer. At the trial Colonel A. M. Waddell appeared for the defence and Hon. John D. Bellamy for the prosecution. Justice Burkheimer reserved his decision until the afternoon when he handed down an opinion that the woman was guilty of an assault and gave a decision in favor of Hall for the netting. From the assault judgment, the defence took an appeal to the higher court.

Wanted, young man experienced in "Making Ready" and running job presses. One who has had some experience in hand composition preferred. Address The Morning Star, Wilmington, N. C. se 3-3t

PRETTY CEREMONIES

Corner-Stone of St. Paul's Evangelical Lutheran Church Was Relaid Sunday Afternoon.

ATTENDANCE WAS LARGE

Addresses by Rev. W. A. Snyder and Rev. C. R. W. Kegley—Exercises By Sunday School and Other Church Organizations.

The ceremonies of the relaying of the corner-stone of Saint Paul's Evangelical Lutheran Church, Sixth and Market streets, Sunday afternoon at half past four o'clock were largely attended and all who were present were much impressed with the beauty of the exercises and the importance of the occasion which the formality marked. The ceremonies took place on the beautiful lawn on the west side of the church edifice and the weather conditions could not have been more ideal for an open-air occasion of the kind. The Church Council, Building Committee, members of the congregation and other organizations assembled at the Luther Memorial Building, Sixth and Princess streets, just before the hour for the ceremonies and proceeded to the corner-stone in a body.

The exercises opened with the anthem "Praise Ye" by the congregation, followed by the vesper service with the 23rd Psalm. Then the lesson and a hymn by the Sunday School and Rev. C. R. W. Kegley, pastor of St. Matthew's English Lutheran Church of Wilmington, delivered a most pleasing and eloquent address, entirely appropriate to the occasion and shedding much light upon Lutheran history. After prayer, Mr. H. L. Vollers, clerk of the Church, read the contents of the stone and the hermetically sealed box containing the articles was placed in the corner by the elders of the congregation. As the hymn "The Church's One" was sung the box was soldered and a little later it was sealed by Mr. H. Rehder, who was a deacon in the first Church Council of 48 years ago and is one of three who were present at the first corner-stone laying of the church in September 1859. This intresting feature of the exercises was followed by the ritual prescribed by the church for laying corner-stones, and after the hymn "Almighty Fortress" an address was delivered by Rev. W. A. Snyder, the pastor, in whose hands the church work has gone forward by leaps and bounds. His address was scholarly and inspiring to the large number who were gathered about the building upon an occasion which was fraught with so much pleasure for members of the congregation. "All Hail the Power" was sung in concert and after prayer and benediction the most interesting exercises were declared at an end.

Among the historical data included in the stone the fact is shown that St. Paul's was first organized May 31st 1858 in the old Presbyterian Church on Front street. The first Church council was elected in February of the following year and consisted of J. G. Bauman, H. B. Eilers, H. VonGlahn, S. Schulken, H. Vollers and C. H. Vollers, trustees; Elders, N. Bremer and A. Adrian; Deacons, W. Knohl and H. Rehder. The lot for the church was purchased February 15th 1858; corner-stone first laid September 6th 1859. The church was dedicated August 22nd 1870 and the parsonage was erected in 1871. The Luther Memorial building was erected in 1883 and was rebuilt in 1894.

The pastors have been Rev. J. H. Mengert, 1859-1862. Rev. G. D. Bernheim, D. D., 1870-1882. Rev. F. W. E. Peschau, D. D., 1882-1893. Rev. Carl Boldt, 1893-1897. Rev. A. G. Voigt, D. D., 1898-1903. Rev. W. A. Snyder, 1904 to date.

The present Church Council is composed of Mr. Louis Hanson, vice president; Mr. H. L. Vollers, clerk; Mr. Eduard Ahrens, treasurer; Messrs. Louis Hanson and William Neistlie, elders; Dr. J. H. Dreher, Messrs. G. Henry Haar, J. W. H. Fuchs and Martin Schnibben, deacons; Messrs. M. G. Tiencken, J. W. Duls, C. W. Polvogt, H. L. Vollers E. P. H. Strunck, Eduard Ahrens, trustees. Organist, Mrs. E. Schulken.

Mr. H. F. Otten is superintendent of the Sunday School and Mr. Eduard Wright, secretary and trasurer. Mr. A. D. Wessell is president of the Christian Association and Mr. J. D. H. Klahnder is secretary and treasurer. Of the Doreas Society Mrs. W. A. Snyder is president; Mrs. J. H. Dreher, vice president; Mrs. H. L. Vollers, recording secretary; Mrs. L. Freimuth, corresponding secretary; Mrs. A. D. Wessell, treasurer. Mrs. F. A. Bissinger is president of the Mengert Circle; Miss Emma Hutaff, vice president; Mrs. Carl B. Rehder, recording secretary; Miss Katherine Gieschen, corresponding secretary, and Mrs. J. T. Runge, treasurer.

The Luther League is officered as follows President, William Cronenberg; Vice President, John Oldenbuttel; Recording Secretary, Miss Ruth Stolter; Corresponding Secretary, Miss Louise Vollers; Treasurer, John Meyland, Jr.

The building committee which has in charge the present structure is composed as follows: Louis Hanson, chairman; H. L. Vollers, Secretary and Treasurer; H. E. Bonitz, Architect; C. W. Polvogt, J. G. L. Gieschen, J. H. Rehder, M. G. Tiencken and Rev. W. A. Snyder.

Contractor—Joseph Schad.

List of Articles Contained in Corner Stone—1. Coins placed in stone, 1859. 2. Coins of year 1907. 3. Constitution of congregation. 4. History of First Twenty Years of St. Paul's. 5. Minutes of North Carolina Synod of 1907. 6. One Copy of "The Lutheran Church Visitor." 7. One Copy of "The Lutheran." 8. One Copy of "St. Paul's Lutheran Parish Paper." 9. One English and One German Book of Worship. 10. New Testament and Psalter of the 18th century and Russian coins in memory of Phillip Fraas. 11. List of Communicant members and Confirmation Class of 1907. 12. Copies of "Morning Star," "The Wilmington Messenger," and "Evening Dispatch." 13. Contributions of the "Christian Association," "Dorcas Society," "Mengert Circle," and "Luther League." 14. Coins and miscellaneous articles from various members and friends.

THE DAY OF ATONEMENT

Most Solemn Observance of Jewish Year Begins This Evening—Feast of Tabernacles to Follow Beginning Next Sabbath.

With the setting of the sun this evening will be celebrated the most solemn day of the Jewish year, called the Day of Atonement. The observance of the day will be concluded on Wednesday evening. During the 24-hour period no meat or drink will be touched by either Orthodox or Reformed Jews, and many will pass the day praying in the synagogue.

The day marks the close of the 10 days of repentance, which follow the advent of the New Year. The observance of 10 days of penitence or repentance is to make restitution for all the sins which may have been committed during the year. Many of the stores will be closed in honor of the occasion.

Services of a solemn nature will be held in the Temple of Israel. Short services will be held this evening and all day Wednesday will be celebrated with sermons and music in harmony with the feast. Special music will be furnished by the choir, consisting of Mrs. J. D. Edwards, soprano; Mrs. Greene Fenley, alto; Mr. Greene Fenley, tenor; Mr. H. K. Holden, bass; with Mr. A. H. Yopp accompanist.

The final celebration of the Jewish New Year will be held Sunday, when the Feast of Tabernacles will open with solemn services in the temple. It is also known as the Feast of Soccoth, or the Feast of Booths, and commemorates the ancient Jews dwelling in the huts in the desert before coming into the promised land.

While the days of repentance, concluding with the Day of Atonement, are sorrowful days in the Jewish calendar, the Feast of Tabernacles, which extends from next Sunday to the following Sunday, is looked upon as the joyous feast in the Jewish calendar.

Among the ancient Jews the period was commemorated with abstaining from all servile work, and feasting and merrymaking. The feast was celebrated at the conclusion of the harvest days. At present the opening day and the closing day of the feast are the only days celebrated with services in the religious edifices. The Feast of Tabernacles will close the solemn days of the Jewish calendar until the Feast of the Passover, which occurs at Easter.

LOCAL COTTON MARKET.

Receipts Heavy, Prices Continue Downward—Another Steamer.

There was another sharp break in the cotton market yesterday, Wilmington being quoted nominal on the strength of a decline of 40 points in the New York spot market since Saturday. New York was quoted yesterday steady at 12.20, against 12.60, at the closing Saturday. The receipts here, however, continue heavy, 2,752 bales having been received yesterday against only 1,188 same day last season. Of yesterday's receipts, 2,330 bales came by the W. C. & A. Railroad; 207 by the Wilmington and Weldon, 170 by the Carolina Central, 31 bales by the Fayetteville steamer Lyon, 10 bales by the steamer Mayflower from down the river and four bales by the schooner Chauncey T. Last year at this time, the local market was quoted at 9 1-16 for middling, so that while the prices this year are ranging downward in a hurry, it is hardly expected that they will reach the level of last season.

There was an arrival of another cotton steamer yesterday, making three now in port. The latest arrival is the British tramp Mariner, 1,523 tons, Capt. Bubb, from New York. She has taken a berth at the Champion Compress and will begin receiving the white staple for the other side at once.

Blocker Gets Twelve Months.

The negro Bud Blocker, recently arrested here on a charge of having broken into the store of Mr. R. K. Bryan at Scott's Hill, was sentenced to 12 months on the roads of Pender county by Judge Biggs at the term of court now in progress at Burgaw.

When in doubt about your eyes, visit Dr. Vineberg, the eye specialist, at Munds' drug store, Masonic Temple. Eyes tested free. Glasses fitted for $1 and up. 2t**

MR BRUNER IS BACK

Secretary of State Department of Agriculture Back From Tour Through Europe.

WENT AFTER IMMIGRANTS

Secretary Brown Gone to Washington. Sales of Tobacco—Charlotte Shippers' Complaint—Several Charters Are Issued—Notes.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 16.—Secretary T. K. Bruner, of the State Department of Agriculture, in charge of the immigration work carried on by the Department, has just returned from a trip through Europe appointing immigration agents, making it plain to them just the classes of immigrants that are wanted in this State and working up interest in North Carolina as a place for home seekers. He spent three days in France, twenty-five days in England and Scotland, five days in Norway and five in Germany. He impressed on the immigration agents appointed the fact that North Carolina wants farm bred immigrants, male and female, females to be impressed especially that they are wanted for domestic work. Immigrants from the European cities are not wanted owing to the radical differences in the methods of life between homes in this country and in European towns. Mr. Bruner says he feels sure he sowed some seed which will result a little later in bringing quite a number of desirable people to this State. In fact a number of immigrants he interested are already on their way across the Atlantic to settle in North Carolina. Others are to sail later in the Fall. Altogether he considers the outlook fairly good for getting especially desirable immigrants from England, Scotland and Scandinavia.

The Shelby Roller Mills Company, received a charter today, capital $30,000 by W. J. Reed and others for grinding, wheat, corn and other cereals.

Another charter is to the Hillsboro Real Estate and Improvement Company, of Hillsboro; capital $9,000 by H. W. Webb, P. C. Collins and others. Also the Alamance Manufacturing Company, of Bear Creek, capital $10,000 by T. L. Phillips, J. D. Johnson and others.

Commissioner of Insurance J. R. Young received today notice from the New Jersey Fire Insurance Co., that it will at once withdraw from this State. No reason is assigned for this action.

Secretary Henry C. Brown of the North Carolina Corporation Commission left this morning for Washington to be with the counsel representing the State in preparations for the examination of the books of the Southern Railway Company, in connection with the sessions there for the finding of the facts in the suit by the Southern Railway Company, to test the constitutionality of the 2 1-4 cent passenger rate act. The books are to be presented by the Southern in the presence of Standing Master W. A. Montgomery beginning September 18th. Mr. Brown will aid counsel in the examination of the books in connection with the services of an expert accountaint.

In the State Department of Agriculture the compilation of the reports from the tobacco warehouses in the State showing the sales of leaf tobacco during August gives a grand total to 8,766,096 pounds of which 7,827,855 was sold for producers, first hand, 212,904 sold for dealers and 725,337 for warehouses and warehouse men. This report by the State Department is under the act of the last Legislature requiring all warehouses to report sales monthly to the department under penalty. These reports which are the first received under the act, show that Kinston led during August with 1,674,017 pounds;; Wilson 1,351,123; Winston-Salem 168,217; Greensboro 23,186; Fair Bluff 928,514; Raleigh 22,312 pounds. Attention is directed by the department to the fact that the market is not nearly so far developed at this time in the western section of the State as in the eastern section for the reason that the eastern tobacco is ready for market much earlier.

There has been filed with the North Carolina Corporation Commission the complaint in the suit the Charlotte Retail Merchants' Association has instituted against the railroad companies for discrimination in freight rates, the contention being that the railroads discriminate against Charlotte and other North Carolina towns as compared with Virginia cities. The complaint reviews the whole freight rate situation and insists that in justice North Carolina should have the advantage of low rates because of the Wilmington port if Virginia is having low rates because of the port of Norfolk. The demand in the suit is especially for fair and equitable rates to Charlotte from the North, South and West.

Wanted, a girl or young woman experienced in feeding job presses and in padding and other plain work in book bindery. Apply at The Star office. se 3-2t

PACIFIC MOVE MAY FAIL.

It is said that the Navy Department is up against it in securing the required amount of coal for the proposed movement of the big Atlantic battleship fleet to Pacific waters. It is said that the coal which the government needs for this stupendous naval movement would cost $1,000,000. That is not all—it is said that the coal cannot be supplied by the mines in this country at this time, and, furthermore, the Government has long since decided that it would have to call in foreign transports to aid American transports in delivering the coal at different points around South America to San Francisco.

We rather suspect that the Pacific movement will be abandoned for the present. The mere fact that the Government would come into the market for such a big supply of coal would put up the price and make it hard on consumers. It, furthermore, strikes us that the scheme to send the fleet around to the Pacific was premature; it does not seem to have been well digested, and at any rate the whole thing was given out too soon with a great flourish of trumpets. The whole thing may serve to give the ship subsidy advocates a big argument when Congress meets in December and that measure probably may be dragged out of the pigeonhole.

We are told that the situation with regard to the proposals issued by the Bureau of Equipment of the Navy Department for supplying coal for the battleship fleet on its voyage to the Pacific assumed rather interesting shape in New York on Saturday, when a number of the agents of the larger coal mining concerns stated positively that they would not present bids, for the reason that they did not have the necessary quantity of coal on hand, aside from the quantity demanded by private contracts already entered into. The companies claim that they have no reserve stocks on hand amounting to anything, and that the labor situation is such that they cannot increase their mining capacity.

The New York Journal of Commerce is authority for the above statement, and that reliable paper goes on to say:

"Heretofore the favorite steam coal for Navay Department use has been the Pocahontas, mined by Castner, Curran & Bullitt, and New River, mined by the Berwind-White Company. If neither of these companies bids on the Government requirements, as would seem likely from more or less authoritative statements, the only domestic possibility left would be the Pennsylvania fields. This falling, the entire 253,000 tons would have to be purchased abroad. In this contingency it is said that Hull, Blyth & Co., Corey Bros. and Mann, George & Co., of London, certainly would be able to supply all the coal needed, although their prices undoubtedly would be what might be classed as 'fancy.' Expecting large calls at any time for admiralty coal for English fleets, they keep surplus stocks on hand. The companies mentioned are also agents of the larger American concerns.

"At any rate, much interest is manifested here in the improbability of the tenders being in consonance with the Bureau of Equipment's ideas as to quality and price. The proposals received by the steamship brokers here are for transporting 133,000 tons of American semi-bituminous coal supplied by the Department from Atlantic ports in vessels of American or foreign register in quantities and at places as follows:

"Seven thousand tons to be delivered at Trinidad, loading December 1 to 15; 6,000 tons at Rio, loading December 5 to 10; 20,000 tons at Punta Arenas, loading December 10 to 18; 25,000 tons at Callao, loading December 15 to 20; 25,000 tons at Magdalena Bay, loading December 20 to 27; 10,000 tons at Magdalena Bay, loading January 1 to 19; 20,000 tons at aSn Francisco, loading January 21 to 26, and 20,000 tons at San Francisco, loading January 25 to February 1.

"The loading places will be at Lambert's Point, Va.; Newport News, Philadelphia, Baltimore, or whatever other points on the Atlantic Coast may be designated by the Department. By fixing the loading time the Department figures that the successful bidders will have ample time in which to make deliveries by the time the fleet reaches the various points specified.

"The bidding is to be open to vessels of American and foreign register, as it is practically certain that a sufficient number of American ships cannot be obtained to make the deliveries on time. The bids are to be opened at the Navy Department on September 24.

"In steamship circles no particular interest was shown in the proposals. Many brokers with tonnage in sight will make no bids, according to their statements, claiming that as in the past bids from certain parties would go in at the last moment a cent or so lower than the lowest. For many months past it has been well known here that the attitude of the large majority of brokers has not been friendly to the heads o fthe Bureau of Equipment. No reasons are stated openly, but that is the situation.

"Undoubtedly plenty of foreign tonnage will be available at about the present rate; and it may be that at the last moment, the coal companies will find themselves in a position to furnish the coal required. However, September 24 will be carefully marked in the calendars of steamship freight brokers and coal men."

DIVERSION OF IMMIGRATION.

The Washington Post of Saturday contains this news item:

"T. V. Powderly, chief of the division of information, which has come to be known as the 'government employment agency,' will leave for the South today to confer with State officers and others interested in inducing immigration to that section of the country. Mr. Powderly will go first to Kentucky, and will meet in Paducah representatives of various immigration societies that have been organized in that State. The South is taking more interest in the efforts of the Government to divert immigration from the large cities than any other section. North Carolina, South Carolina, Kentucky, Texas, Alabama, and Louisiana need immigrants badly. They prefer immigrants from the British Isles, Scandinavians, or Italians from the northern provinces."

The diversion of immigration means that efforts are being made to divert from Eastern and Northern cities hundreds of the foreigners who settle there. They congest the already crowded population and form communities or colonies of foreigners that may never be assimilated with the American population.

We have no doubt that many Northern cities would like to dump their new-comers, but the South should be careful how it lets Mr. Powderly or anybody else "induce" them to come to the South. We rather think that the South wants to pick its immigrants. At any rate, we must be careful in getting them.

CURRENT COMMENT.

—Mrs. W. J. Bryan may be able to swim a mile, but she undoubtedly lacks her famous consort's tirelessness as a runner.—Richmond Times-Dispatch.

—The Senate Steering Committee will envy Mark Twain his proposed task of piloting President Roosevelt down the Mississippi.——New York World.

—Atlanta has purchased a "street flusher" to take the place of the sweeper. The Georgian is much pleased with it and advocates the purchase of five additional machines. Richmond experimented with a "flusher," but found that while it was an excellent cleaner, it was a menace to the pavements, and upon the advice of the City Engineer it was rejected.—Richmond Times-Dispatch.

—It is asserted that the United States Geological Survey has demonstrated that the use of gas generated from coal as a fuel instead of crude coal itself not only produces more power but is cheapest by 25 per cent. But what is the use of the demonstration? Any cheapening process can easily be offset by the increase of the price of coal at the pleasure of the Coal Trust.—New Orleans State.

—The news that there is anger expressed in British India over the treatment to which certain Hindoos have been subjected in Vancouver, along with Chinamen and natives of Japan, is suggestive of the very complicated problem raised by the rioters. Bad as our own troubles were in San Francisco, they were far from being as far-reaching as those with which the Government of King Edward are required to deal.—Brooklyn Citizen.

—Mr. J. J. Britt, who wants to be the next Republican candidate for Governor, has an elaborate article on "The Enlargement of the Federal Power" in the Tar Heel, in the course of which he says: "While I am a follower of Hamilton, I am yet a lover of Jefferson." As well might he say, "While I believe in a monarchy and distrust the people, yet I hate a monarchy and trust the people." Evidently Mr. Britt expects to catch 'em "coming and going."—Raleigh News and Observer.

—It should be borne in mind by every Democrat and those in favor of Democratic methods and policy that the coming election is one of the very greatest importance, not so much on account of the officers to be elected this Fall, but upon the great Presidential contest next year. A victory now will be a great stimulus to the party, and it will enter upon the more important one with more zeal and earnestness than it possibly can otherwise. Other States are watching New York, and the result of the election here will have a decided effect upon them.—Kingston (N. Y.) Leader.

TWINKLINGS.

—"But, Capt. Brace, why do they always call a ship 'she,'?" "Lord, miss, you wouldn't ask that ef you'd ever tried to steer one."—Judge.

——"He's a good salesman." "Persuasive, eh?" "Persuasive? He could sell the Cuban government a snow-plow!"—Louisville Courier-Journal.

—The Alternative.—"Never marry a man who drinks, smokes, swears, goes to prizefights, plays the races or tells falsehoods." "But I don't want to be an old maid."—Life.

—"According to the paper," said Homer, "there are three varieties of dogs that never bark." "That may be true," replied Vanmove, "but I never had the luck to live next door to one of 'em."—Chicago News.

—Have you anything quiet in the way of ties?" asked the man in the haberdashery. "Yes," replied the clerk: "here's something in watered silk; exact shade of the Dead Sea."—Yonkers Statesman.

—"Mr. Nervey," said the girl's father, "it seems to me you sit up entirely too late with my daughter." "Don't worry about that, sir," replied Nervey, "I never require much sleep."—Philadelphia Press.

—"Funny thing about Dubley. He said he needed a little whiskey because he was run down." "Well, wasn't he run down?" "I don't know about, but I do know he was run in."—Catholic Standard and Times.

—Ruggles (the bookkeeper)—I'm more than half sick with the hay fever. Ramage (the cashier)—That's bad. You ought to go to some place where you would be sure of finding frost. Ruggles—I'll do it, Ramage. I'll go this minute and ask the old man for a raise in salary.—Chicago Tribune.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.
HARDIN'S PHARMACY, Special Agt.

The Touch That Heals.

Is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it's an absolute cure. Guaranteed by R. R. Bellamy, druggist. 25c.

Lost and Found.

Lost, between 9:30 P. M., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at R. R. Bellamy's drug store a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25c.

In Buying Whiskey Use Some Judgment

If there is one article in the world that should be pure, it is whiskey, whether taken in case of illness or otherwise. More injury can be done the stomach by using unreliable whiskey than anything we know of, and on the other hand, reliable whiskey taken in moderation is extremely beneficial. Whiskey is used in every sanitarium and hospital, and nearly every home for medicinal purposes. This is one demonstration of its great value.

The same judgment should be exercised in purchasing whiskey as used in buying other necessities to be taken into the stomach. You must realize that only injury can come from impure whiskey.

IN BUYING OF US YOU USE JUDGMENT.

ANTI RADICAL DEMOCRATIC MOVE

Al Fairbrother's Magazine, "Everything," Has Been Put On to Something New—Men to Organize to Counteract Radicalism.

(From "Everything," Greensboro.)

"What is perhaps the most important, of anything ever happening in North Carolina, is now being seriously considered, and if the plans suggested go through, and there is every reason to believe they will materialize, the political board in North Carolina will be absolutely changed by the next election.

"Everything is the only publication in the State that has so far been approached concerning this State wide movement—but in ample time other publications will be invited to join in conference. Indeed, the way Everything happened to get its iformation was entirely uninternationl on the part of the promoters of the scheme, but after being sworn to secrecy the whole plot was disclosed to us.

"Already twenty-five prominent manufacturers and bankers—men whose ratings in the commercial agencies' books are close to the Al mark, have talked over the plan, and if it is decided to go ahead, there will be something doing.

"The idea is to start with one hundred citizens, manufacturers, capitalists, taxpayers, Republicans, Democrats and Prohibitionists, and declare for a Conservative party, regardless of politics. The idea of the Conservative party is to make an appeal to the people—the small merchant, the taxpayer, the wage worker—and show to them that the present attack on the commercial life of the State means ultimate destruction of all interests, and while the conservative party will have no officeholders or office seekers, it will stand ready to deliver its vote to the candidate who stands for conservatism.

"In other words, if a man is a candidate for the legislature he must have a platform that does not mean the confiscation of railroads; it must mean that the rights of property will be protected; it will mean that conservative laws must be passed, and the extremits will be voted against. So in congressional candidates, candidates for United States Senator—all the offices. The conservative party will become in a word, the balance of power and if the Democratic party attempts to continue its headlong fall into populism, the new party will attempt to defeat its ends. It will do this by throwing its votes to independent candidates or endorsing the nominees of any party that presents conservative men for office.

"We are violating no confidence in saying that men of prominence in seven different towns in North Carolina have already been approached and are enthusiastic over the proposed departure; the originators or promoters of the new plan are already claiming that they can get fifty per cent of the people of the State to pledge their support to the ends and aims of the new conservative party. Pretty soon, if the scheme goes through, there will be issued to the people of North Carolina a long manifesto, in which will be pointed out the dangers that lie in the present policy of the Democratic party's leaders.

"The financial firms o fthe State, insurance concerns, manufacturing interests, all that has money at stake and which is threatened by the populistic ideas now dominant will be represented by signatures on this document, and Democrats, Prohibitionists and Republicans have expressed a desire to not only sign up, but put up sufficient money to conduct a campaign of education that will mean much."

Andrew Joyner, the Greensboro newspaper correspondent, in sending out what "Everything" discloses, adds this:

"It is asserted that men of prominence in seven different towns already have given support to the new party. It is supposed that the idea originated among that class of North Carlinians known as Charlotte Observer Democrats. A short time after the adjournment of the last session of the legislature that newspaper announced that in due time a movement would be disclosed which would astonish the State.

"It is the plan of the conservatives to enlist the support of a strong daily newspaper already established or to subscribe money to the amount of $200,000 to establish a paper somewhere in the State to espouse their cause."

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. Trial bottle free.

PERSONAL PARAGRAPHS.

—Mrs. Chas. McDaniel, of Pollocksville, N. C., is visiting Mrs. W. B. Beery, on Masonboro Sound.

—Capt. J. L. Autry, of Autryville, was in the city yesterday on a business trip.

—Mr. Benj. Motte, now with the Pender Chronicle in Burgaw, was here this week to spend Sunday with his family.

—Messrs. Frank Brittain and Magnus Branch have returned from the Jamestown Exposition, where they spent a week very pleasantly.

—Mrs. M. H. P. Clark has returned from a pleasant visit of four months to relatives and friends in Camden, N. J.

—Mr. A. C. Moore, of Currie, came down last evening and will spend today in the city on a business trip.

—Mrs. W. N. Harriss and little son, who have been spending the past Summer at Hamilton, Va., are expected to return to the city this morning, much to the pleasure of their many friends.

—Yesterday afternoon Fayetteville Observer says: "Mrs. C. L. Taylor and children returned to Wilmington this morning on the steamer City of Fayetteville."

—Among the young ladies from New Hanover, who will be at the North Carolina State Normal and Industrial College at Greensboro this year are Misses Mellie Cotchett, Mary B. Mitchell, Annette Munds, Antionette Black and Laura B. Weill, of Wilmington.

PET WILD CAT BROKE LOOSE

Vicious Feline That Had Been Kept Caged for Over Four Years.

A wild cat that had been kept in captivity by Mr. John W. M. Ahrens, of this city, at his home, No. 1022 North Fourth street, for the past four or five years, broke out of her cage before day Sunday morning and proceeded to wage relentless warfare on all the fowls in the neighborhood for several hours before she was finally killed, as it was impossible to attempt to cage the beast again. Although in captivity for so long, the feline had grown to a very large size and manifested no disposition toward becoming tractable. Mr. Ahrens is a devoted trapper and hunter and caught the animal in a steel trap some years ago and had kept it in a cage as a curiosity rather than a pet, so he was not surprised Sunday morning before day to learn that the cat had broken out of the top of the box and gone to prowling in the neighborhood. A duck in Mr. Ahrens' yard was killed first and later the beast was heard from three doors above, where some fowls had been disturbed. The animal then made a temporary abiding place under the stump of an old tree and slept until Sunday afternoon when she went over after some chickens in teh yard of Mr. D. H. Brothers, 1014 North Fourth street. Mr. Brothers notified Mr. Ahrens and Mr. Tom Costin and they with several others managed to round up the animal while Mr. Brothers put an end to the feline life with four or five shots from a rifle about 1 o'clock Sunday afternoon.

NO TRUTH IN THE REPORT.

Fayetteville Disturbed Over Rumor That Lyon Had Sunk.

Fayetteville, N. C., Sept. 16.—The Observer this afternoon prints the following, which will be of interest to shippers and others along the Cape Fear river:

"There was a report all over the city yesterday that the steamer C. W. Lyon, which cleared from here for Wilmington Saturday had sunk, and that seven persons were drowned. The report caused great excitement, and the local office of the steamboat company was besieged with anxious inquiries as to the accident. There was no foundation for the report, and the Lyon arrived safely in Wilmington yesterday.

"The City of Fayetteville cleared for Wilmington at 9:30 o'clock this morning. Her cargo included 18 bales of cotton.

"The steamer A. J. Johnson arrived from Wilmington yesterday, and will leave on the return trip tomorrow."

New Wilmington Paper.

"The Wilmingtonian," juvenile publication of Wilmington, owned and edited by Messrs. Thos. W. Strange and Thos. R. Whitehead, greeted its readers yesterday in regularly printed form and is quite a creditable sheet for editors and proprietors so youthful. It is printed fro mthe office of young Mr. Whitehead's father, Mr. Z. W. Whitehead, and is well filled with local and general news and local advertisements. The price is 15 cents per month or $1 per year. The boys have the best wishes of a number of subscribers for their continued prosperity as evidenced from the change from mimeograph to printed page with the issue of this week.

LOCAL DOTS.

—Fred Bennett, the insane colored man committed to jail a few days ago, was taken to the colored insane asylum at Goldsboro yesterday by Deputy Sheriff W. H. Cox. Bennett is violent at times but Deputy Cox had very little trouble with him yesterday.

—Hanover Seaside Club closed the season at Wrightsville Beach Saturday night. Mr. William Tienken, chairman of the House Committee of the past very successful season, superintended the work of formally closing the pretty club house, which has been of great pleasure to members and their guests during the Summer.

—The Enfield Progress of the past week says: "A trestle on the Atlantic Coast Line Railroad, between Halifax and Ruggles, was destroyed by fire Wednesday afternoon, traffic being suspended for about six hours in consequence. The cause of the fire is not positively known. It is believed to have originated either from a spark from a passing locomotive or from lightning. The railroad authorities are inclined to the latter theory. Passenger train No. 80 narrowly escaped wrecking, but passed over without any more serious consequence than a shaking up of passengers and crew."

HOMICIDE IN ROBESON

One Negro Shot Another While Returning From a Picnic.

(Special Star Correspondence.)

Lumberton, N. C., Sept. 16.—There was a shooting affray in Alfordsville township Saturday night in which Moses Johnson shot and killed Aaron McLean, a double-barreled shot-gun having been used. Both were negroes. From information received, it seems that the parties had been to a picnic and on their way home got into a dispute, which resulted fatally for one of the number. Sheriff McNiell and Coroner Rancke were notified early yesterday morning and went to the scene of the killing. While an inquest was being held by the coroner, the sheriff arrested Johnson and brought him here where he is now in jail.

Struck by Street Car.

Mr. L. J. Merriman, the well known timber dealer of this city, had a narrow escape from serious injury at Front and Princess streets yesterday about noon, when he was knocked down by a northbound street car immediately at the junction. Fortunately he struck the fender and the car was under slow motion as it came up to the crossing. Mr. Merriman was knocked down and received a severe injury of the right leg, but he was able to get up unassisted and go his way without medical attention. Mr. Merriman was just crossing the street and paused to speak to a friend coming down from the postoffice when the car was upon him before he kenw it.

Funeral of Mr. Eli H. Davis.

In the presence of a large number of friends Sunday afternoon at 2:30 o'clock impressive funeral services were conducted from his late residence, "Pineview," on the Carolina Beach road, over the remains of the late Mr. Eli H. Davis, who passed away last week. The services were by Elder Farmer, of Wilson, N. C., assisted by Rev. Mr. Clark. The remains were brought to Wilmington and tenderly laid to rest in Bellevue cemetery, the pall-bearers having been Alderman Martin Rathjen, Captain Jesse Wilder, Messrs. George W. Branch, L. Y. Styne, Frank Cumber and A. J. Thompson.

Returned With His Bride.

Mr. O. O. Mills, a clever young Wilmington resident who is employed in the office of the car accountant of the Atlantic Coast Line, had a pleasant surprise in store for his friends when he arrived yesterday morning from his vacation. This surprise was in the introduction of his bride, nee Miss Virginia Prudence, of Hickory, Va. They were married on Wednesday, the 11th, at the home of the bride and left at once for the Jamestown Exposition, spending a few days there and coming to Wilmington where they received the happiest felicitations from many friends. They will make their home at No. 305 North Fourth street.

Human Bones Were Exhumed.

While city workmen were engaged yesterday morning excavating for the new drain pipe being laid on Fourth, between Princess and Chestnut streets the bones of a human skeleton were exhumed on the west side of the street about midway of the block, probably less than two feet above the surface. It is a fact that skeletons have been dug up on nearly every piece of excavating done in the city in the past eight or ten years, which would lead to the conclusion that in prehistoric days the whole of Wilmington must have been one big graveyard.

"Watch the Fords Go By."

Messrs. Platt & Co. have on the way another carload of the celebrated Ford automobiles, of which they are agents in Wilmington, and this territory. Two car-loads recently arrived have been disposed and are now seen daily on the street. Popular interest in autoing is on the increase and in a few months now the "fleet" of these pretty little machines will be considerably augmented. The Ford runabouts are decided favorites with all who have purchased them.

Illustrated Songs at Bijou.

The illustrated songs at the Bijou are proving quite a pleasing addition to the moving picture offering daily at that popular place of amusement. Miss Ruth Fisher has been engaged to sing for the afternoon performances while Mrs. Percy Wells has charge of the repertoire evenings. The Bijou is as popular as ever and there will be no diminution of the high-class offerings all during the Winter.

Big Catch of Mullets.

Captain Hewlett's crew yesterday on Masonboro beach, in this county, made one of the largest hauls of mullets of the season. The catch amounted to 6,000 fine fish, which were sold to Wilmington dealers.

HAD "RUDE AWAKENING."

Party of Serenaders Returning From Theatre Routed by Officer.

A party of serenaders, one of whom was young Mr. Frank Banks, while returning from one of the moving picture theatres last night about 9:30 o'clock, stopped opposite The Purcell House on Front street, and began "discoursing sweet music," that did not appeal to the ears of the Officer Jesse Brown, who was on that beat and was charged with maintaining the peace and quietude of that neighborhood. He went among the serenaders and commanded them to disperse. Young Mr. Banks, according to the officer, refused to "move on" and stood upon the order of his going, whereupon the officer placed him under arrest for disorderly conduct. About twenty-five or thirty of his friends accompanied him to the police station, where he deposited $10 cash bond for his appearance before the Mayor at noon today.

The affair created not a little interest in the down-town cafes and in the cigar stores last night, where the pros and cons of the situation were very generally discussed. The merits or demerits of the case against the young man will be developed at the hearing before the Mayor at noon today.

THEATRICAL COMPLICATION.

Trouble at Asheville With Lessee Schloss' Bookings at Academy.

The following special to yesterday's Charlotte Observer will be read with interest here:

"Asheville, Sept. 15.—An interesting and unusual situation has developed here relative to the theatrical season and the presentation of attractions at either the Auditorium or the Grand Opera House. Recently S. A. Schloss successfully negotiated with the auditorium company directors for the lease of the Auditorium. The stockholders ratified the lease with a slight amendment. The lease was sent to Mr. Schloss for his signature and that gentleman promptly turned down the lease, threw the Auditorium back on the company and ended the negotiations. Mr. Schloss, who has the Asheville bookings of Klaw & Erlanger, has advertised attractions next week for the Grand Opera House. Incidentally, this public house, used as a theatre, has been condemned by the board of aldermen as unsafe in the event of fire or panic and interesting developments are expected. Members of the board of aldermen stated today that they would stand pat and it is expected that if the house is opened next week the police will interfere and close the building."

COMING OF GENTRY SHOW.

Entirely New Acts and Many New Faces This Year.

The programme presented by the Gentry Bros.' Famous Shows United, an exhibition which has a world-wide reputation for unexcelled excellence, comprises this year entirely new acts in all lines, and the reputation of the management needs no comment, but is a guarantee that only the best and newest of trained animal acts, no less than of performers will provoke wonder and amazement, no less than it will roars of laughter. Three of the brand new attractions which have cost Gentry Bros. an enormous outlay of money, are Coco, the marevlous monkey, the Five Marvelous Juggling Normans, whose equal as club swingers and jugglers has never been seen, and who were the talk of every European capital last year, and the wonderful Imperial Namba Troupe of Japanese, acrobats, contortionists, balancers, who are maintained in the Flowery Kingdom solely for the entertainment of the Mikado and his friends. These two troupes will only be seen this year in America with Gentry Bros.' Shows, which will exhibit here at 2 and 8 P. M. on Monday, September 23.

Stole Chickens From Pembroke Jones.

A telephone message to Constable Savage yesterday morning brought the information that Sunday night a theif raided the hennery of Mr. Pembroke Jones at Airlie, on the Sound, and stole a dozen of the finest fowls there were on the place. Constable Savage was so busy that he could not go down to work on the case yesterday as he had expected.

Capt. H. O. McArthur Here.

Capt. Harry O. McArthur, who is so pleasantly remembered in Wilmington and who is now superintendent of the Gainesville, Fla., district of the Atlantic Coast Line, is in the city for a few days. He expects to go to Burgaw this week, where he is summoned in an important case now before the Superior Court there.

Negro Committed to Jail.

Charged by Alice Jennings, colored, with an assault with a deadly weapon and carrying a concealed weapon, Henry Ward, a negro, was committed to jail by Justice Furlong yesterday in default of bonds of $50 in each case against him. In an additional charge of disorderly he was taxed with the costs.

Will Wed on Wednesday.

License was issued yesterday for the marriage of Miss Rosa Goldstein, daughter of Mr. and Mrs. J. Goldstein, of this city, and Mr. Samuel Katzoff, of Burgaw, a son of Mr. and Mrs. Meyer Katzoff, of Baltimore. They will be married Wednesday in this city.

THE ROOSEVELT CUP.

Results in the Yacht Races at Jamestown Yesterday.

(By Wire to The Morning Star.)

Norfolk, Va., Sept. 16.—Finishing second, with the Eleanor first, the yacht Manhasset won the series in the class in the race for the King Edward cup.

The Eleanor walked away with the race in the finishing spin, with the Manhasset a close second. The second boat, scoring fifteen points, defeated the Capsicum by two points, the Eleanor by three, the Dorothy by four, and Dorothy Q., by 11 points.

The final race was one of the prettiest of the series, the Eleanor holding the lead throughout. The Dorothy and Capsicum showed up strong early in the race, but the Manhasset drew up to leaders, passed the Dorothy and Capsicum and gave the Eleanor a run for the money. Time: Eleanor, 2:32. Manhassett 2:34.

Sailing the final race to a finish, the Sue was declared winner of the Roosevelt cup.

At Washington yesterday, while playing with a revolver, John B. Horton, six years old, accidentally shot and killed his five-year-old friend, Robert L. Donaldson. The boys had been playing "hold up."

OIL MAGNATE PASSING.

H. H. Rogers Excused from Attending Court—Is Ill.

(By Wire to the Morning Star.)

Boston, Mass., Sept. 16.—Upon evidence of members of the family of Henry H. Rogers and the family physician that Mr. Rogers suffered a stroke last July, and has since been unable to transact any business, Judge Hammond in the Supreme Court today announced that it would be cruel to compel his attendance in court, and dismissed a motion to that effect. The condition of Mr. Rogers was disclosed in the course of a hearing on a motion to show that he was capable of attending the trial of a suit against him for $50,000,000 brought by C. M. Raymond, of Somerville, for alleged conversion of certain royalties in connection with the production of petroleum.

PROBABLE DOUBLE MURDER

Woman and Girl Burned With Their Home.

(By Wire to The Morning Star.)

Columbia, S. C., Sept. 16.—A spjecial to the State from Union, S. C., says:

Yesterday morning between 3 and 4 o'clock the home of Isabella Gist, was completely destroyed by fire and she and her eleven year old niece were burned to death. The house was situated near the corporate limits on the road to West Springs. The burning did not attract the attention of any one until the building was ready to fall in. The bones of the woman and girls were found beneath the bed springs. These facts have caused a suspicion that the woman and child were killed and the house set afire to hide the crime. A young negro is under arrest on suspicion.

OUTRAGES AT ODESSA

Vengeance and Blood Shed Still Prevail in Russia.

(By Wire to the Morning Star.)

Odessa, Sept. 16.—Notwithstanding the proclamation of the new prefect of Odessa, General Novisky, outrages in the streets here were resumed today on the occasion of the funeral of a police official. The black hundreds fired revolvers recklessly all day, broke into Jewish houses, pillaged them and cruelly beat their occupants. Two Jews were killed and many were injured.

Reports are reaching this city of raids, robberies and murders at other places.

BIG MILL SHUTS DOWN.

Georgia Iron and Coal Company Ceases Operations.

(By Wire to The Morning Star.)

Chattanooga, Tenn., Sept. 16.—With the closing of work Saturday night the Georgia Iron and Coal Company indefinitely shut down its plant at Rising Fawn. The furnace gave employment to 400 men. Reports are afloat as to the cause of the shut down, one being the adverse legislation by the last legislature of Georgia against mining operators. The other attributes the shut down to disagreement among the company's officials.

FOR THE LIPTON CUP.

Races at Jamestown Exposition for Three Days This Week.

(By Wire to The Morning Star.)

Norfolk, Va., Sept. 16.—The Jamestown Regatta Commission announced this evening that Sir Thomas Lipton having left the question of putting up his cup for yachts out of the H., J., and K. classes, the yachts of the P. and Q. classes will race for the Lipton cup probably tomorrow, Wednesday and Thursday with eight entries as follows: The Sue; Regina; Manhassett, Dorothy, Helena, Dorothy Q., Capsicum and Little Rhody.

AFTER MANY YEARS

Edwin B. Pierce Tells of Hiss Wanderings and Will Be Forgiven.

New Britain, Conn.,, Sept. 13.—Mrs. Elizabeth M. Pierce, who has imagined herself a widow these thirty-one years, was dumbfounded last evening when a stranger walked in and greeted her as his wife.

Under the mask of his long white beard she recognized the features of the man she thought dead when he disappeared thirty-one years ago from their home in a Long Island town.

He was not an Enoch Arden. There had been no other sweetheart to take the place of the mourned one. She had three little children to bring up, and as the years went by and she got no tidings from the missing man, she taught them that their father was dead. Now the two sons are occupying well paying positions and for the last few years Mrs. Pierce has been living in ease.

The white-bearded stranger quickly convinced her that he was none other than the missing Edwin B. Pierce, and before she told him her tale of hardship and sacrifice he unfolded his history of three decades. Three times he had won fortunes, only to see them swept away.

The San Francisco earthquake impoverished him. He drifted back East and found a brother in New Brighton, Pa., with whom he went into business. The old man went back to the town he had ran away from so long ago, but found no trace of his family. It was only last week that he learned of their whereabouts.

This morning he went back to his brother in Pennsylvania. His welcome had not been cordial, but an amicable agreement was reached. Though Mrs. Pierce will not talk, her neighbors think that her husband will come to spend his last days here.

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. Trial bottle free.

WARM WIRELETS.

The record price for whiskey was reached in Cincinnati yesterday, when it rose two cents over the Saturday quotations, reaching 1.34, the highest known there.

The Nebraska board of health yesterday adopted a resolution prohibiting any employe or appointee from carrying a railroad pass. Two secretaries will have to resign or give up their passes.

Half a hundred expert veterinarians from two score of States were in session at Richmond yesterday representing the State Live Stock Sanitary Boards of the country. They will consider methods of controlling and eradicating contagious diseases in live stock. The convention will be in session three days.

The 10th annual convention of the Aanti-Saloon League of America opened last night at the Jamestown Exposition. The league will be in session four days. Friday will be celebrated as "Temperance Day." A conference of the State agents and field workers of the league was held yesterday afternoon, at which the league finances were discussed.

Mrs. Ethel W. Blair, charged with the murder of her husband, C. W. Blair, a conductor on the Columbia, Newberry and Laurens Railroad, in January last, was Sunday convicted of manslaughter with a recommendation of mercy by a jury which took the case at Columbia, S. C., Saturday night. Within an hour after the verdict Mrs. Blair had recovered sufficiently from fainting to be taken to the county jail. She had been out on bond since the killing.

Judge Purnell, of the United States Court, makes an order for the discharge of nine of the eleven Russians held in jail at Beaufort as witnesses in the case of the government against Contractor Cline, charging peonage. The reason given for the release is that the other two can furnish all evidence that could be gotten from the 11 eleven witnesses who are receiving a dollar per day while detained. Some contend this action on the part of the government is a practical admission that there is considered very little in the case.

DEATH FROM CHLOROFORM

Judge Richardson Tried to Allay Headache.

(By Wire to the Morning Star.)

Montgomery, Ala., Sept. 16.—Judge Terry M. Richardson was found dead in bed at a hotel at Luvene today, having been overcome by chloroform, which he had taken to allay headache. Judge Richardson had gone to Luvene to appear in a murder case. He was a prominent attorney and for years served on the circuit bench of this State.

DON'T WAIT

Take Advantage of Wilmington Citizen's Experience Before It's Too Late.

When the back begins to ache,
Don't wait until backache becomes chronic:
Till serious kidney troubles develop;
Till urinary troubles destroy night's rest.

Profit by a Wilmington citizen's experience.

H. W. Bagg, merchant and furniture manufacturer of Second and Market streets, residing at 114 North Sixth street, Wilmington, N. C., says: "I used Doan's Kidney Pills and they proved to be a grand medicine, and I can only say that Doan's Ointment is the best remedy of the kind on the face of the earth. I suffered with my back for a long time. When I sat at my desk for a while and attempted to get up I would have to catch hold of a chair for support and straighten myself up gradually. The kidney secretions were dark colored and full of sediment. I read about Doan's Kidney Pills in our papers and went to R. R. Bellamy's drug store and got a box. Since using them my back is strong and I can move about and stand up straight as ever and the kidney secretions have all cleared up. You may use my name as an endorser of the claims made for Doan's Kidney Pills and also Doan's Ointment which I used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—and take no other.

SPIRITS TURPENTINE

—Asheville, Sept. 15: The officers here were notified today that a man had been found dying by the side of the railroad tracks at a point twelve miles from Asheville. The body showed that car wheels had passed over it, and the presumption is that the unknown victim met death some time last night by being run over by a train.

—Greensboro, Sept. 15: Superintendent A. M. Smith, of the Winston-Salem division of the Southern Railway between there and this city, states that the Southern has two forces at work now putting down heavier rails on this division. One is working out from Pomona and the other from Kernersville. Already about six miles have been completed between the above named places.

—Hickory, Sept. 14: The railroad and city have compromised. The railroad is to replace the track and use it fifteen days for passenger trains only The track then is to be removed. The Corporation Commission orders the Southern railway to make certain connections of tracks within fifteen days. Everybody accepts the settlement in good faith.

—Raleigh News and Observer, Sept. 14: A suit has been instituted by Colonel Charles E. Johnson, under the firm name of Charles E. Johnson & Company, against W. A. Smith and W. O. Gattis, of Charlotte, trading as W. A. Smith & Co., and against the Charlotte National Bank. Representing Colonel Johnson in the matter is the law firm of Shepherd & Shepherd, and the suit is for $3,500. It is the result of the firm having honored drafts made by Smith & Co., through the Charlotte bank, and no cotton appearing as was the understanding when the draft was honored.

—Rickingham Anglo-Saxon: The work at Blewett Falls during August broke the record with a total of 13,214 cubic yards of cement, which means that over one-sixth of the entire dam was completed during one month or sufficient to complete the dam by December 1st at the same rate. The coffee dams are now continuous, bridging the great Pee Dee, both above and below the concrete dam. The new road is now completed from Rockingham to Blewett Falls making it possible to drive the distance of seven or eight miles in a little over an hour instead of two hours as formerly. The big steam dredge is now completed and as soon as the river rises will begin taking the dirt out for the tall race at the rate of 100,000 cubic yards per month.

—Winston-Salem, Sept. 15: Her many friends will regret to learn that Miss Carroll Coleman was the victim of a most painful accident yesterday afternoon about 12:30 o'clock. Miss Coleman and Miss Ruby Follin were out driving and had stopped on Cherry street. Miss Coleman, at the time of the accident, was standing in the buggy in the act of turning around, when the horse moved off suddenly, throwing her from the buggy. One of the wheels of the vehicle passed over her, but whether she sustained the injury in the fall or by being run over by the wheel is not known. Miss Coleman was removed to her home immediately and given medical attention. It was stated today that she was suffering intensely from the injury.

—Winston-Salem, N. C., Sept. 14: The building of the Elkin and Alleghany railroad from Elkin to Sparta appears to be practically assured. President H. G. Chatham announces that work will begin on it next week. He is in receipt of a telegram from the penitentiary authorities saying that seventy-five convicts will arrive in Elkin the sixteenth or seventeenth inst. They will leave Raleigh next Monday. Tyenty-five other convicts will be sent a little later, making a force of one hundred. A number of carpenters are pushing the work on the stockade building in order to have them ready for occupancy when the convicts arrive. They are putting up four buildings in all. The stockades are being erected four and a half miles north of Elkin near the Roaring Gap and just below Klondike. The work of grading will start there. It will be necessary to move the stockade several times before the grading is all done to the foot of the mountain.

—Asheville, Sept. 14.—A negro man, giving the name Henry Wilson, was found on a freight train between here and Knoxville by Conductor Whiteside and brought on to Asheville and turned over to the station agent to be locked up on the charge of trespassing on the property of the Southern Railway. According to the story told by the conductor, Wilson was discovered on his train near Craggy station, below here. As soon as Wilson saw that he was caught in the act of stealing a ride, he sprang off and ran for the river, jumped in and started to swim across, but reconsidered his plan on the conductor's picking up a rock and ordering him to return to shore. He was brought to the Asheville station and turned over to Assistant Station Agent Tuttle to be locked up. When caught by the conductor Wilson had with him in a sack six dozen razors, a pair of hair clippers and several pocket knives. The Asheville police force had been asked today to look out for a negro robber from Morristown, Tenn., who had broken into a hardware store and stolen twenty dozen razors and other valuables. From the fact that the negro Wilson when caught had on him as many as six dozen razors they are sure they have the man wanted there. The authorities at Morristown were notified, and it is expected that identification will be made today.

IT'S PURE—NO ALCOHOL. RED ROCK GINGER ALE. THE RED ROCK CO. ATLANTA GA.

A Poor, weak, flat imitation Ginger Ale will CAUSE indigestion, thereby defeating the very purpose for which it should be taken. The value of purity and quality cannot be too strongly urged, therefore you should always ask for Red Rock; a real GINGER ALE which stands out among all other brands, domestic and imported, AS THE ACME OF PERFECTION IN COMBINED PURITY AND QUALITY AND HEALTH GIVING RESULT.

RED ROCK SIRUP HAS BEEN WITHDRAWN

From all founts and bottling concerns. It is now manufactured and bottled exclusively by THE RED ROCK CO., and sold only in pint and quart bottles or 5 cents a glass from original packages. Call for Red Rock and identify the bottle crown or label before you drink.

PORK—Out of season.

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Sept. 16.—There was a sensational decline in the cotton market today accompanied by great activity and considerable excitement as prices sold at the lowest levels since the advance on bad crop news early last June. October sold through 11 cents and the market closed only a few points up from the lowest, although steady at a net decline of 43 to 50 points. Sales were estimated at 600,000 bales. The market opened weak at a decline of 16 to 25 points, in response to lower cables and the decline reported in New Orleans as a result of hedge selling after the local close on Saturday. Stop orders were caught on the decline and after their execution the market rallied 6 or 7 points on covering, but quickly weakened under liquidation of October and during the middle of the morning sold 29 to 36 points net lower. This was followed by a rally of about 10 points on covering and some buying for a reaction on the forecast for unsettled weather in the eastern belt, but the market broke again toward the close under a renewal of heavy liquidation and bear pressure. October sold at 10.97 in the late trading, or 55 points net lower, and over 1-2c below the high level for the season. The close was a little up from the lowest on covering. Southern spot markets reported early were unchanged to a quarter higher.

Receipts of cotton were 23,149 bales against 14,942 last week and 31,058 last year. For the week 140,000 bales against 99,150 last week and 185,936 last year. Today's receipts at New Orleans 1,692 bales against 4,821 last year, and at Houston 9,783 bales against 10,390 last year.

Spot cotton closed quiet; forty points lower; middling uplands 12.20; middling Gulf 12.45; sales 2,400 bales. Futures opened weak and closed steady.

Month.	Open.	Close.

"Fool the Consumer"

You do so once—next your trade is gone—good merchants secure only best brands and get best trade—other merchants find business slow.

"Tidal Wave" Flour stands for the best and your customers want that brand—it sells and sells again—"its "a come again" brand — "just-as-good" loses your trade. Stick to the best.

"Tidal Wave" Brand is that best.

Received today a full supply.

Belle of Virginia
BLENDED RYE
When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.
Sold at the places where gentlemen go to get a drink.

TRAIN WRECKED TWENTY-FIVE DEAD

Excursion Train on New England Road Crashed Into Freight Sunday.

THIRTY PERSONS INJURED

Misunderstanding of Orders by Crew of Freight Train Supposed to Have Been Cause—Occurred Just Before Daylight.

(By Wire to The Morning Star.)

White River Junction, Vt., Sept. 16.—A fearful head-on collision between the southbound Quebec Express and a northbound freight train on the Concord division of the Boston and Maine Railroad, occurred four miles north of Canaan Station early yesterday, due to a mistake in train dispatchers' orders, and from a demolished passenger coach there were taken twenty-four dead and dying and twenty-seven other passengers, most of them seriously wounded. Nearly all those who were in the death car were returning from a fair at Sherbrooke, Quebec, 160 miles north.

The conductor of the freight train was given to understand that he had plenty of time to reach a siding by the night operator at Canaan Station, receiving, according to the superintendent of the division, a copy of the telegraph order from the train dispatcher at Concord, which confused the train numbers 30 and 34.

The wreck occurred just after the express had rounded into a straight stretch of track, but owing to the early morning mist neither engineer saw the other's headlight until it was too late.

The morning was dull and misty in the Western New Hampshire mountains, and the long freight train with a score of heavily loaded cars, lumbered up the long grade toward West Canaan at the usual speed. On the the other side of the curve was the Quebec express, sliding down the single track with her load of passengers and the four heavy sleepers in the rear. The freight train was on a straight piece of track about a mile in length, and the Quebec express, had rounded a curve into this stretch when the two engineers saw the headlights of the opposite train burst out of the fog.

Both engineers set their brakes and then jumped, while the two great locomotives crashed into each other, and, locked in a firm embrace, rolled into the ditch.

The baggage car in the rear of the locomotive was hurled back into the passenger coach like a great ram, and tore it asunder from end to end. As it did so, the rear end of the car rose, so that when it stopped at the forward end of the smoker, which was behind the passenger coach, it was well inclined. Only a few windows were broken in the smoking car, and none of the Pullmans was damaged. But the ill-fated passenger coach was crowded with more than fifty people. Shortly before the accident a few of the men had gone back into the smoking car in the rear, leaving the women to get a little sleep in the straight seats. One of these, who escaped, said that as the train was rounding a curve some one in the front of the car began to sing, so that nearly every one was awake when the crash came.

Those who were in the other cars recovered their dazed senses, jumped out to the side of the track, and hurried to the demolished passenger coach, where groans, cries and shrieks were rending the air.

Fortunately with the engines off to one side the wreckage did not take fire and add further horror to the already dreadful scene. The train hands ably seconded by the passengers from the sleeping cars, groped their way among the ruins and began the work of rescue. The bodies of the dead were laid beside the track quickly, while the rescuers turned their attention to those who needed aid. Great beams were lifted, broken joists were thrown aside and the bleeding and mangled forms were dragged out and laid on the backs of broken seats or upon blankets from the sleeping cars. Wounds were hastily bound up and cuts staunched by strips of bedding from the sleepers. The little band worked diligently in the dawning light before the doctors came. Farmers lent every aid to the work of succor. Meantime word had been dispatched to this place, to Concord and to Hanover, and within an hour a large force of physicians were hurrying to the scene.

Concord, N. H., Sept. 16.—The investigation by the officials of the Boston and Maine Railroad into the collision of trains on the Concord division near Canaan yesterday by which 25 passengers of the Quebec Express lost their lives and 27 were injured, occupied the entire time of the heads of the system today. The officials examined the records in the train dispatcher's office here and also made a careful investigation at Canaan and other stations along the line of the Concord division and visited the scene of the accident in an effort to determine who was responsible for the blunder of which the two trains were brought together. The proceedings of the examination were secret. All the vicitims of the wreck have been identified.

ENGLISH COAL FOR OUR NAVY.

One Hundred Thousand Tons Purchased for War Ships.

(By Wire to The Morning Star.)

London, Sept. 16.—The United States Navy Department has, according to a dispatch from Cardiff, Wales, to a news agency here, contracted with Welsh firms for 100,000 tons of the best steam coal, the delivery to extend over 1908. The price agreed upon has been kept secret.

STORMY SESSION NEGRO BAPTISTS

Prejudice and Politics Broke Loose in National Convention at Washington.

MR. ROOSEVELT CRITICISED

Brownsville Affray Was Lugged in and Discussed—President Was Censured in Speeches and Senator Foraker Was Praised.

(By Wire to The Morning Star.)

Washington, Sept. 16.—Despite the efforts of some of the leaders to keep out of its discussion on all matter political, the National Negro Baptist Convention today, after a stormy session, hotly debated the Brownsville affair. The committee on the state of the union had refused to eliminate from its report all reference to the question and had prepared resolutions on the subject which, severely criticised President Roosevelt and strongly praised Senator Foraker for the stand he had taken. The delegates finally consented to a milder set of resolution offered by the presiding officer. These resolutions are as follows:

"In common with all good citizens, we deplore what has come to be known as the Brownsville affair, and trust that time will yet reveal the real perpetrators of the crime. The entire country is under a debt of gratitude to the Hon. John B. Foraker and others who secured for the soldiers the right to be heard in their own defense."

The convention adjourned tonight.

GEORGIA RATE LITIGATION

State Attorney General Raises Point That Causes Halt.

(By Wire to the Morning Star.)

Atlanta, Ga., Sept. 16.—The suits brought by the Central of Georgia and other railroads against the State Railroad Commission to restrain that body from reducing passenger rates in Georgia, were taken up today before Judge Newman, of the Federal Court. Attorney General Hart submitted a demurrer to the hearing on the ground that the enforcement of the new rate law was not vested in the Railroad Commission, but was left to the Governor and that the Governor had not been named a defendant in the suits. Further hearing of the cases may be continued until this point has been disposed of.

Siminalr suits brought by the Louisville and Nashville and the Atlanta and West Point roads, which were scheduled for hearing in the Superior Court today, were continued until tomorrow, on account of the absence of counsel who were at the hearing before the Federal Court.

Later Judge Newman ordered further hearing of the cases continued until October 7, when he will render a decisition on the demurrers filed by the State.

MEXICO AT EXPOSITION

Celebration of State Day Was Fine Success.

(By Wire to the Morning Star.)

Norfolk, Va., Sept. 16.—The first of the general celebrations at the exposition was observed today when "Mexico Day was celebrated. Senor Jose T. Godoy, of the Mexican embassy at Washington, and Lieutenant Colonel Jose Manterola, Mexican army, president of the Jamestown Mexican Commission participated. A notable feature was an automobile parade with 20 young society women representing in foreign costume as many nations. The Mexican colors appeared conspicuously with the stars and stripes. Formal exercises took place at the auditorium where addresses of welcome were made by exposition officials with responses by Colonel Manterola and Senor Godoy. The celebration concluded with a grand ball tonight.

ANTI-SALOON LEAGUE.

Eleventh Annual Convention Meets in Norfolk.

(By Wire to the Morning Star.)

Norfolk, Va., Sept. 16.—The Anti-Saloon League of America in the opening session the eleventh annual convention tonight sent greetings and God speed to the temperance leaders in Oklahoma, where the question of general prohibition is to be decided tomorrow by constitutional amendment. The delegates declared that victory would reward the temperance forces at the polls. Armory hall was crowded to the doors at the opening of the convention tonight. Rev. C. L. Bane, of Norfolk, welcomed the delegates and the response was by Rev. Howard H. Russell, of New York, founder of the league. Hon. C. M. Tricett, of Kansas City, Kan., delivered the address of the evening on the success of prohibition in Kansas.

UTTER COLLAPSE OF MRS CHARDWICK

Female Bank Wrecker Had Acute Nervous Attack in Ohio Penitentiary.

WAS STRICKEN STONE BLIND

Unfortunate Woman Was Being Visited by Her Son and Was Overcome by Excitement—Son is Devoted to Mother.

(By Wire to The Morning Star.)

Columbus, O., Sept. 16.—While engaged in conversation with her son in the female department of the Ohio penitentiary, where she has been confined for the past two years, serving a ten years' sentence for wrecking the Oberlin National Bank, Mrs. Cassie Chadwick, former witch of finance, who reported herself as the natural daughter of Andrew Carnegie, victimized dozen of Ohio and eastern bankers and capitalists to the extent of millions, through loans on bogus securities and jewelry, suffered a nervous collapse that almost cost her life and left her, temporarily at least, stone blind. She was carried to the hospital in the female department by her son and female attendants. Dr. Garrett, the day physician, who was summoned, found her lying on a bed in the hospital in a chill. Although she was conscious and very quiet mentally, her circulation had almost stopped and she was blind. Dr. Garrett immediately administered nitroglycerine and other restoratives. Wild with anxiety, her son, who had come from Cleveland to visit her, and who is very devoted to her, stood over the bed urging the physician to do his best to save her. Cassie revived within about twenty minutes. Dr. Helmick, the night physician at the penitentiary, has been attending Mrs. Chadwick and treating her for the nervous trouble. Dr. Garrett, the day physician, says that she is a neurasthenic, and that her nervous system is an utter collapse. He said that the collapse was due to the strain which she underwent during her son's visit. He says that she has a very nervous heart and that any excitement brings on an exaggerated nervous attack.

Dr. Helmick is of the opinion that the blindness is only temporary, but has called in oculists who are administering treatment.

It was stated by officers at the penitentiary tonight that Mrs. Chadwick had entirely recovered.

GRANITE SHAFT TO HEROES.

Handsome Monument to Massachusetts Dead at Winchester.

(By Wire to The Morning Star.)

Winchester, Va., Sept. 16.—A handsome granite shaft to the memory of the Massachusetts soldiers who fell in the battles around Winchester, was dedicated here today. Governor Guild and his staff were met by Mayor H. H. Baker and a delegation from the city council who escorted them to the national cemetery where the exercises were held. Rev. Dr. J. P. Hyde, chaplain general of the Turner Ashby Camp of Confederate veterans, delivered an address of welcome. Governor Guild in his address paid a tribute to the fallen heroes both North and South. Following the unveiling ceremonies, the entire party went to Stonewall Cemetery, where flowers were strewn on the graves of the Southern heroes.

NEW YORK DRY GOODS MARKET.

Influences of Cotton and Financial Markets Being Felt.

(By Wire to the Morning Star.)

New York, Sept. 16.—The dry goods market was steady for the day. Southern ginghams (staples) have been advanced to 7 cents for Spring delivery. Dress ginghams are strong and tending higher. Raw silk is lower in consequence of offerings of November deliveries 25 cents below current prices. Dress goods are quiet. The influence of the financial and cotton markets is being felt in the dry goods trade.
